

ICT WORKING GROUP

Co-leads: Annelie Zapfe (Thuringia), Romain Wascot (Hauts-de-France), Leila Kylliäinen (Helsinki EU Office), Wim De Kinderen (Brainport Eindhoven), Louise Årebäck (Region Skåne)

Key EU processes to follow

- Further development on the legislative packages related to the AI Act and the EU Chips Act
- Digital-related funding opportunities in Horizon Europe, in Cluster 4 and the different Partnerships
- Europe's Digital Decade and targets set for 2030

On-going activities to be followed further in 2024

- The development of the European network of Digital Innovation Hubs and their role for public authorities
- Opportunities for local and regional authorities in the Digital Europe Programme
- The role of regional authorities in supporting digital transformation and the role of the Living-in.EU movement

First planned meetings

- Digital Innovation Hubs for public authorities – April
- AI Act and regional AI strategies – May/June (TBC)
