

Call for Regions: Consumer Involvement in Agrifood Innovation

S3 Partnership/ERIAFF working group - how to join and what's next?

Meeting
13th of November 2019
14.00-16.00
House of the Dutch Provinces
Rue de Trèves 59, 1040 Bruxelles (4th Floor)

Is your Region investing in transformation of food systems as part of your Regional development agenda? Do you work with sustainability-issues related to food? Do you work with awareness and connecting your citizens to food production and the food system?

If the answer is yes to any of these questions, your region might be interested in joining our [smart specialisation partnership](#): Consumer involvement in Agrifood Innovation in the Smart specialisation platform Agri.

As an informal first step to become engaged in our partnership we invite you to meet our EU-offices in Brussels on the 13th of November. In this informal meeting you will get to know the previous and ongoing activities within the partnership, how to get engaged and what we see in the pipeline going forward. You will also have the opportunity to introduce activities from your region relevant to the thematic scope of the partnership.
